

Ring Size Guide

Before measuring your ring size, be sure this guide is printed in A4 size and scaled to 100%. Double-check by positioning a credit card on the line below. If the card lines up, you're all set.

Option 1: Measure By Matching Your Ring

To find your ring size, use an existing ring that fits you well. Match the inside of that ring with one of the circles below. When your ring has been placed on the right size, you should see only the white circle—with no grey space—inside your ring. If your ideal fit falls between two sizes, we recommend choosing the larger size.

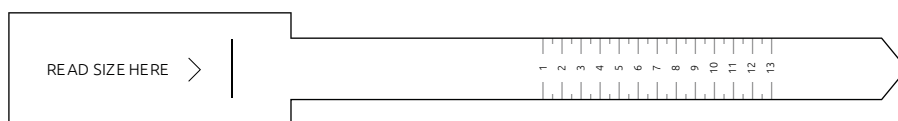

Option 2: Measure with Discovered Ruler

After you cut out the ruler, carefully cut the line to create a slit. Wrap the ruler around your finger at the base and pull the tapered end through the slit. To make sure the ring will fit comfortably, we suggest also measuring your knuckle.

We recommend selecting a size that goes on and off your finger easily.

Sizing availability is specific to each product.
Ring size may also vary slightly depending on style of the ring.

Disclaimer: This is an A4 print guide to help you. Please note, real size may differ.
