Tips and tricks

- Wood-glue is required when assembling each tray, for extra strength.
(We recommend Titebond 2 Wood Glue or Beacon 527)
- Please make sure you dry-assemble each tray correctly before gluing it together.
- Use stationery knife to cut the bits connecting the parts to the frame.
- Remove the parts from the frame with a rotating motion along the axis formed by the bits you just cut.
- Use stationery knife to remove any of the remaining connection bits.
- Allow your finished insert to dry overnight.

Assembly Supplies

Wood-glue

Stationery knife

Hammer

Cotton swab

IMPORTANT: Assemble each tray one by one. Please **DO NOT** take out all the parts from the sheets and mix them. Even though some parts look similar, they are not interchangeable.

Game tips and tricks.

All organizer components can be used in the game:

1. Resource marker tray has one non-glued side, which allows you to use them in the game and easily get resources.

2. Cardholders. You can turn over them and use the top for cards, and the bottom as a discard pile.

3. Greenery / City and Ocean / Special trays. Put the tray in the center of the table, take tiles directly from the tray and put it on the map!
