Assembly Guide

### Tips and tricks

- To assemble each tray you need a wood glue for extra strength. (We recommend Titebond 2 Wood Glue or Beacon 527).
- Please make sure you assembled each tray correctly before gluing it together.
- Use stationery knife to cut the bits that connect details to the frame.
- Remove the details from the frame with a rotational motion along the axis formed by the bits you just cut.
- Use stationery knife and sandpaper to remove all the remaining connection bits.
- Please note that the engraving must be on the outside of the boxes.
- You may fix the box with rubber bands after gluing it. This will save you time and simplify the assembly.
- Make sure to remove the protective covering from BOTH sides of the acrylic pieces. Use a hairdryer for easier removal of it if necessary. Just heat the acrylic surface a little to remove the covering much easier!
- Leave your finished insert overnight to dry completely.

### Assembly Supplies

Wood-glue

Stationery knife

Hammer

Cotton swab

Rubber bands

Hairdryer

If something is damaged or broken, please do not return the whole set. Contact us directly on email [info@smonex.com](mailto:info@smonex.com) or our website [smonex.com](http://smonex.com). Any questions or issues with the Smonex products, we'll do our best to help you. We want our customers to be completely satisfied.

**IMPORTANT:** Assemble each tray one by one. Please DO NOT take out all the parts from the sheets and mix them. Even though some parts look similar, they are not interchangeable.

## Assembly Guide

### Brief assembly instructions:

1. Unpack and arrange the sheets in order.
2. Compare details on the sheets with details in the pictures of the guide.
3. Study the pictures of unassembled product.
4. Start your assembly, taking the necessary parts out of the sheets in a certain order.

### Legend:

- Details to be extruded
- Details not used in this assembly
- Details to be glued
- Details to be connected without glue

### Components:

- 16 sheets extrusion molds
- 2 acrylic extrusion molds
- 1 sandpaper for stripping parts
