Assembling of Connector Rods

- Properly secure the female connector rod to the male connector rod, as shown in the image.

- Repeat the same process for the second set of connector rods.

NOTE: To increase the length of the track, securely attach all connections.

Assembling of End Spacers

- Loosen the knobs of both the feet of the end spacers and open the clamps.

- Now insert both the connector rods in the clamps.

NOTE: It has four adjustable feet that come with the end spacers, offering you a mounting solution for any filming environment.

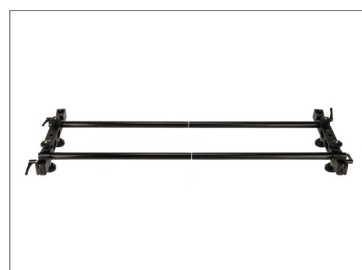

- After inserting both the connector rods, tighten the clamps with the help of the knobs.

- Follow the same process to insert the connector rods in the second end spacer from the other side.

NOTE: The track can be used at two different lengths- 4ft and 6ft- suiting your setup requirements.

- Loosen the knobs of the end spacers, open the clamps and insert the rod. Follow the same process to insert the second rod as well.

- Then properly tighten with the help of the knobs.

- Follow the same process to insert the other two rods.

NOTE: It has end-spacers that let you attach the speed rails securely; they can also be mounted to tripods for an alternative shooting setup.

■ Breeza Pro Camera Dolly Setup

- Mount the Breeza Pro Camera Dolly onto the 4ft track.

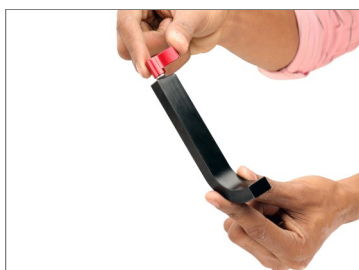

NOTE: Follow the same process to mount the Breeza Pro Camera Dolly on the 6ft track.

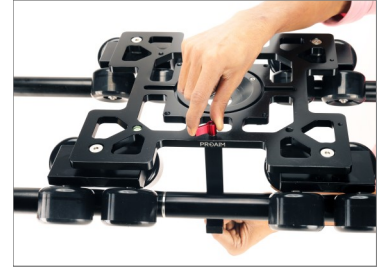

NOTE: The Dolly comes equipped with sixteen rolling track wheels that run smoothly on tracks and a flat surface, and it has double ball bearings for ultra-smooth performance.

- Loosen and remove the knobs of both the Safety Hooks.

- Attach the safety hook at the bottom side of the Breeza Pro Camera Dolly and properly tighten it using the knob.

- Follow the same process for the second hook.
NOTE: Safety hooks can be attached to the bottom of the Dolly to act as security against tipping, ensuring your platform doesn't get knocked off the rails.

- Adjust the height of the track with the clamp, as per your requirements.
NOTE: Clamps at the top allow for telescopic height adjustment providing ample elevation for different shoot setups.

Mount Fluid Head on Bowl Adapter

- Loosen the knob of the Fluid Head (**Not Included**) and mount it on the 75mm bowl adapter.
- After inserting the Fluid Head (**Not Included**) properly tighten it with the help of the locking knob.
- Push the red ratchet knob of the fluid head to remove the camera plate.

Camera Setup

- Attach the Camera Plate to the camera (**Not Included**) by matching the threads and properly tighten using a screw driver (**Not Included**).

- Mount the camera on the fluid head and again secure properly with the red push pin.

NOTE: You can mount Breeza Dolly Setup without rods on the flat surface area.

Underslung Camera Setup

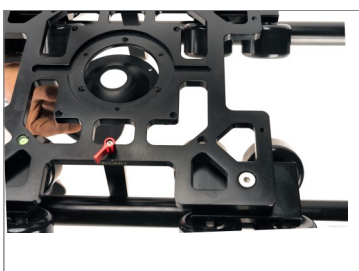

- Remove all the screws of the 75mm bowl adapter using a screwdriver (**Not Included**).

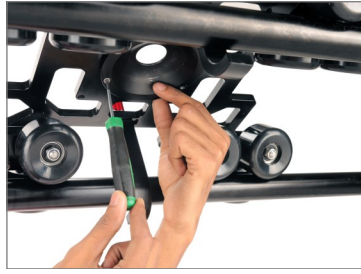

- Now remove the 75mm bowl adapter, as shown in the image.

- Attach the 75mm bowl adapter to the bottom of the Breeza Pro Dolly and insert all the screws.

- Tighten all the screws with the help of the screwdriver. The bowl adapter has been attached to the bottom of the Breeza Dolly.

- Now you can mount your camera (Not Included) setup, as desired.

Mitchell Setup

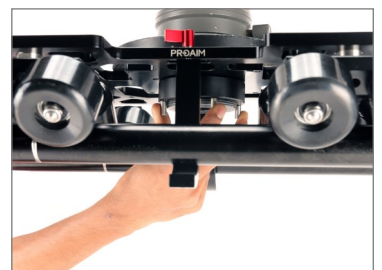

- Remove the Castle Ring from the Mitchell Plate (Not Included) and mount it on the Breeza Dolly.

- Mitchell Plate has been mounted on the Breeza Dolly.

- Now properly attach and secure the Castle Ring and Mitchell Plate together, as shown in the image.

- Press the button on Mitchell Plate to slide the camera plate.

- The camera plate has been removed from Mitchell, as shown in the image.

■ Camera Setup

- Attach the Camera Plate to the camera (**Not Included**) by matching the threads and properly tighten using a screw driver (**Not Included**).

- Mount the camera onto the fluid head and properly lock with the help of the push pin.

- Camera has been mounted to the fluid head.

NOTE: It comes equipped with an integrated Mitchell mount and 75mm and 100mm Bowl Adapters, giving you versatile camera-heads mounting options.

NOTE: Bubble level on Breeza Dolly & End Spacers helps to check the proper level of Breeza Dolly with setup.
