

Product: SONAX ProfiLine PlasticProtectant Exterior

Article Code: 210 300

Formula Code: 2100 7700

Product Description: Maintains unpainted plastic components on vehicle exteriors. Brings a fresh shine to weathered bumpers or mouldings and intensifies the colours. Seals previously porous surfaces, to provide outstanding preservation that will survive several shampoo washes.

Directions for Use:

- Wash vehicle, if necessary, and allow to dry
- Apply a small amount of the product onto a soft cloth or sponge and rub in thinly on the areas to be treated

Notice:

- Do not apply onto moist surfaces
- Do not apply too thickly as this may increase dust attraction

Chemical Characterisation: Silicon-free hydrocarbon based care components in solvents

Specific Data:

Appearance:	milky fluid
Density:	0.84 g/ml
Viscosity:	0.5 – 1 Pas (Brookfield, Sp3; 20 Upm)

Packaging: 1 litre PET-Bottle

Safety Data: See safety data sheet
