

Product: SONAX Xtreme Tyre gloss gel

Article Code: 235 100/200/241

Formula Code: 2352 1270

Product Description: Tyre gloss and maintenance for all types of tyre. Restores the rich colour to weathered tyres and provides maximum shine. Maintains the rubber and keeps it supple. Easily applied due to the gel formula and practical Application sponge.

Directions for Use:

- The tyres must be clean and dry before the treatment. Preferably pre-cleaned with SONAX Gloss shampoo, during a vehicle wash.
- Squeeze a small amount of gel (a strip ca. 5cm long) onto the Application sponge, and apply evenly and sparingly around the dry tyre walls.
- Apply more product, if necessary.
- After treating all tyres, move the vehicle half a revolution to treat the underside of the tyres.
- Allow to work in for ca. 30 minutes.

Please Note:

- Do not apply onto the tyre treads
- Product is not suitable for motor bikes or bicycles
- Do not apply too thickly, as this may induce increased dust attraction

Chemical Classification: Care gel containing silicone

Specific Data:

Appearance:	blue paste
Density:	0.98 – 0.99 g/ml
Viscosity:	6 – 10 Pas (Brookfield Sp. 5, 20rpm)
pH:	---

Packaging: 250/500 ml PET-bottle

Safety Data: See safety data sheet
