

Product: **SONAX Xtreme Leathercare Milk**

Article Code: **254 241**
Formula Code: 2540 0030

Product description: Matt Effect. With UV Protection. Waterproofs and protects against resoiling. Also for perforated leather. For the gentle cleaning and intensive care of smooth real and synthetic leather, e.g. carseats, motorbike leathers, shoes, furniture, etc..It restores the leather's original appearance and grip.

Directions for Use: Shake bottle before use. Spray onto a microfibre cloth and rub in evenly. Always apply to the entire surface. For heavily soiled surfaces, repeat the process. PLEASENOTE: Not suitable for use with aniline, nubuck, veloursor suede leathers. Before application, test for colourfastness and abrasion resistance in aninconspicuous area. Do not use on hot surfaces. The separation of the natural ingredients does not constitute a quality defect. Protect against frost.
