

**Product:** SONAX PROFILINE Leather care

**Article Code:** 282 300

**Formula Code:** 2820 0015

**Product Description:** Wax free leather care with UV protection for smooth leather. The cream freshens up the leather's colour and makes it supple and good to the touch, without being greasy. With UV protection to maintain the original leather colours, and an anti creaking additive. Has a pleasantly fresh fragrance. Does not cause excessive smoothness, as the usual leather care products often do.

**Directions for Use:**

- Remove loose dirt carefully beforehand with a vacuum cleaner and clean with SONAX PROFILINE Leather cleaner.
- Apply the cream onto a Microfibre pad and distribute evenly and thinly over the leather, still moist after the cleaning, and massage in.
- Allow to dry.

**Please Note:**

- First test the product for material compatibility on an inconspicuous area.
- Not suitable for aniline and nubuck leathers or suede.
- Protect against extreme cold.

**Chemical Classification:** Wax free, aqueous emulsion with functional additives

**Specific Data:**

Appearance:	White fluid
Density:	0.97 – 0.98 g/ml
Viscosity:	12 – 20 Pas (Brookfield Sp5, 20 r.p.m.)
pH:	6.0 – 7.0

**Packaging:** 1 ltr. PE/PA bottle

**Safety Data:** See safety data sheet
