

**Product:** **SONAX Xtreme Microfiber Cloth**

**Article Code:** **416 341**

**Formula Code:** ---

**Product Description:** Fluffy ultra-microfibre cloth with extra-long pile to remove all kinds of residue, e.g. wax and polish residues, dirt etc., without leaving streaks and scratches. Also ideal for the finishing touch after the application of paintwork sealings. Particularly gentle on the paintwork thanks to the sewn satin edges, especially durable thanks to the high weight (1300 g/m<sup>2</sup>) and extremely high absorption thanks to high polyamide content.

**Directions for Use:**

- Fold the cloth's edges inwards to form a square cloth packet, do not use the cloth crumpled up.
- Carefully wipe over the polished or waxed paintwork without exerting pressure.
- Form often into a new wiping surface, and shake out well at regular intervals to remove abrasive residue from the cloth.

**MAINTENANCE TIP:** Washable up to 60 °C, wash with similar colours. Do not use fabric softeners. Do not tumble dry.

**Chemical Characterisation:** 69% polyester, 31% polyamide microfibres

**Specific Data:**

Appearance:	grey cloth
Dimensions:	app. 43 x 38 cm
Weight:	1300 g/m <sup>2</sup>

**Packaging:** 1 cloth in plastic bag

**Safety Data:** ---
