

**Product:** SONAX Sponge applicator (2 pcs.)

**Article Code:** 417 141

**Formula Code:** ---

**Product Description:** Accessory for the application of care products such as waxes and plastic care products. The thin and flexible sponge significantly enhances application and enables a very thin distribution, which greatly simplifies wiping off of residues and reduces product consumption.

**Directions for Use:**

- Carefully take up fluid or paste like products from the container and distribute thinly and evenly over the surfaces to be treated.
- Store free from dust, with emulsion products, the sponge can be washed out with water, if necessary.

**Please Note:**  
Do not use with polishes

**Chemical Classification:** ---

**Specific Data:**

Appearance:	Red sponge
Density:	--g/ml
Viscosity:	---s

**Packaging:** Printed PE bag

**Safety Data:** ---
