

Product: SONAX P-Ball

Article Code: 417 341

Formula Code: ---

Product Description: P-Ball (polishing ball) is an accessory for polishing paintwork surfaces. The ergonomically shaped, soft plastic body fits snugly in the palm of the hand simplifying polishing and simultaneously enhancing the polishing result.

Directions for Use:

- Slightly moisten the polishing sponge at the top of the P-ball and apply the polish to be used onto it
- Polish in circular movements exerting some pressure
- After use take off the sponge, wash out with warm water and allow to dry

Chemical Classification: PU-foam

Specific Data:

Appearance:	soft body
Density:	--g/ml
Viscosity:	---s

Packaging: --
