

Product: SONAX Wheel rim sponge

Article Code: 417 541

Formula Code: ---

Product Description: For thoroughly cleaning wheel rims in combination with all SONAX wheel rim cleaners. For especially stubborn and difficult to access grime.

Directions for Use:

- Allow the rim cleaner to work in, in accordance with user instructions
- Rub over with the Wheel Rim Sponge
- Rinse the rims with a strong water jet
- Care Tip: The microfibre cover can be washed, 60°C maximum.
No conditioner! Do not tumble dry!

Tip:

First treat heavily soiled wheel rims only with a rim cleaner. After rinsing, spray on the rim cleaner again then rub over immediately with the Wheel Rim Sponge.

Chemical Characterisation: Microfibre cover on a rod made from ABS and PP
