

**Product:** SONAX Insect Sponge

**Article Code:** 427 141

**Formula Code:** ---

**Product Description:** Soft sponge with textile mesh for gently removing stubborn insect residue from all automobile surfaces. Supports the working effects of SONAX Insect remover or SONAX Gloss shampoo when washing the vehicle.

**Directions for Use:**

- Rub with the sponge to completely remove the insect residue, which has already been dissolved with detergent
- Thoroughly rinse off the vehicle with water

**Please Note:**

The surface to be treated must be moist, do not rub a dry surface!
