

Product:	SONAX Multi sponge	
Article Code: Formula Code:	428 000	
Product Description:	Absorbent sponge for cleaning vehicle exteriors. It has two different sides. The soft, grey side is for gently washing the vehicle. The rougher white side is for removing dried-on grime such as insects.	
Directions for Use:	 Squeeze the sponge into a bucket filled with water and car shampoo and sponge over the vehicle using plenty of water. Wash the vehicle from top to bottom Notice: Always keep the sponge clean and wash out thoroughly and frequently to prevent scratching the painted surfaces
