## Bowled Over

Take your pet's diet to the next level! **Purina Pro Plan Bright Mind Adult 7+** (petco.com, \$2.50 to \$55) includes enhanced palm kernel and coconut oils to give senior dogs an additional source of brain energy and possibly make them more alert and sharp. If your cat is carrying extra pounds, help manage that weight with vegetable-packed **Freshpet Select** cat food (freshdirect.com, \$4 to \$6).

## Quick Clean

Dry shampoo is officially fur-approved: Now pets can get in on the time-saving suds-free action too. When they need a refresher but you don't want to take the plunge with a full-out bath, try **Pura Naturals Pet Powder Dry Shampoo** (amazon.com, \$10) for dogs and cats to clear away oil from their coat.

## Pet Sitter's Club

Finding someone to care for your furbaby when you're away just became a little easier. Through its website (rover.com) and app (Android and iOS, free) **Rover** helps pet parents book trustworthy sitters, boarders, walkers and more for dogs, cats, reptiles, pigs—you name it. Profiles include customer reviews, pricing and all the cute photos you can imagine.

## Lap of Luxury

Cats who ignore their water bowl can be a challenge—unless you have the **Catit Flower Fountain** (petco.com, \$30). With three flow settings, it can hold 3 liters and boasts a dual-action water purifying filter. Plus the floral design will have curious felines sipping pretty in no time.
