BRUTAL CITIES

WARGAMING ARCHITECTURE

BRUTALIST CIVIC CENTRE INSTRUCTIONS

Each MDF sheet has an engraving which corresponds to the building.

CONSTRUCTION TIPS

Paint MDF before assembly - paint will not look good on the fadelight plastic. You can use a wash to add definition to fadelight.

PVA Glue is the best glue for MDF - assume glue is used except for fadelight, and where this symbol is shown

Any clouding on fadelight can be easily removed with a cloth or your fingernail.

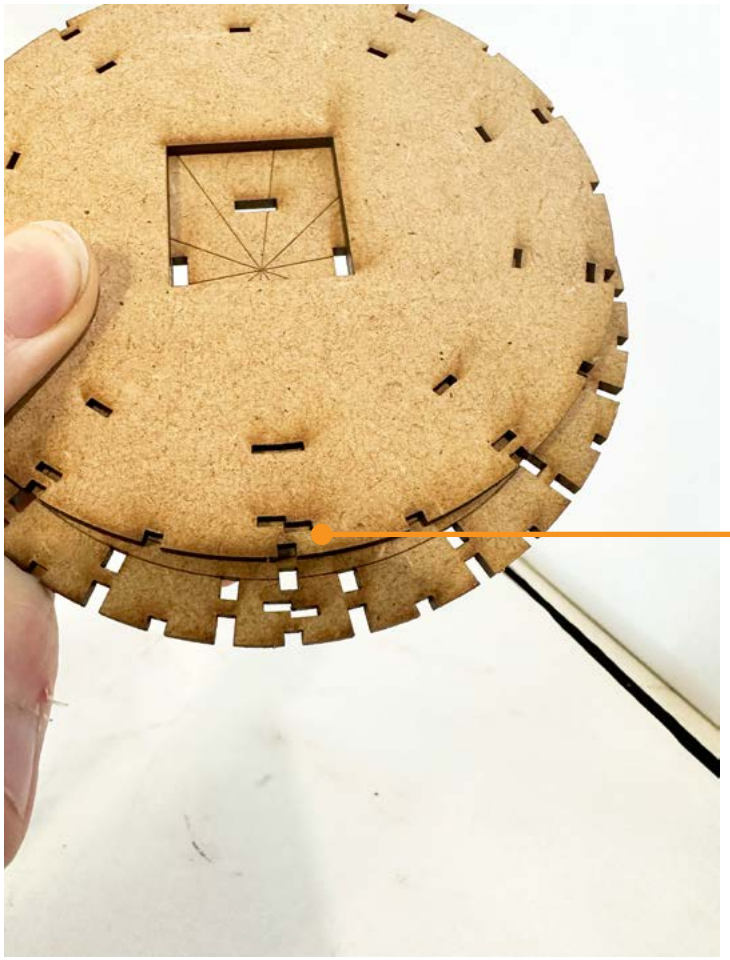
BRUTALIST CIVIC CENTRE INSTRUCTIONS - C

Make sure to paint before assembly!

© Copyright Brutal Cities 2024 // BrutalCities.com

Glue the colums to the slab as shown



Before the next steps make sure you Line up plates so the holes match

Pay attention to alignment so the fadelight plastic slots line up.

Slot the fadelight into the holes on the slab.

This part can be a bit tricky. Use rubber bands if it's curving too much.

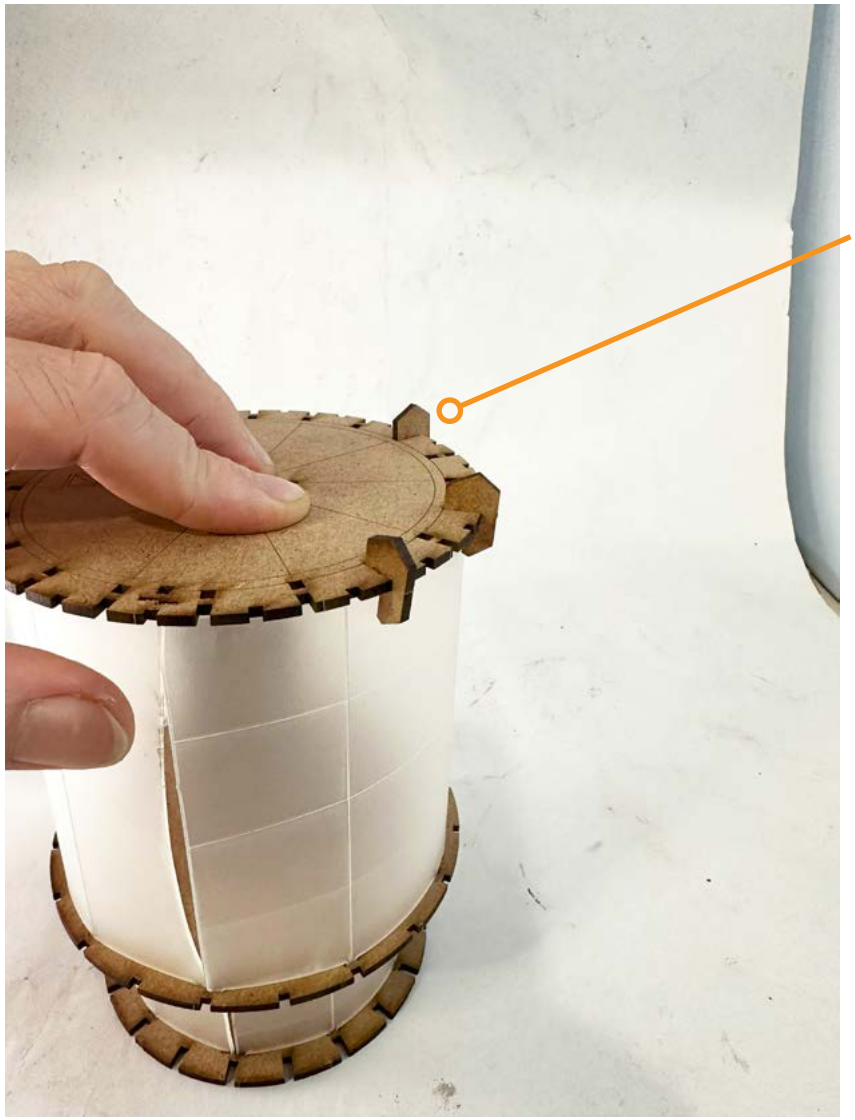
Glue the roof slab to the central core.

© Copyright Brutal Cities 2024 // BrutalCities.com

BRUTALIST CIVIC CENTRE INSTRUCTIONS - C



Place these to secure the fadelight

You can use rubber bands to help keep the fadelight plastic from flexing too much

© Copyright Brutal Cities 2024 // BrutalCities.com

BRUTALIST CIVIC CENTRE INSTRUCTIONS - C

Glue the columns in place one by one, alternating to keep it even

© Copyright Brutal Cities 2024 // BrutalCities.com

BRUTALIST CIVIC CENTRE INSTRUCTIONS - C

This colum has a hook to secure the fadelight plastic gap

© Copyright Brutal Cities 2024 // BrutalCities.com

BRUTALIST CIVIC CENTRE INSTRUCTIONS - C

The hole next to the fadelight joint is where the hooked column should be placed

© Copyright Brutal Cities 2024 // BrutalCities.com

BRUTALIST CIVIC CENTRE INSTRUCTIONS - C

Use a rubber band while the glue is drying to keep it in place

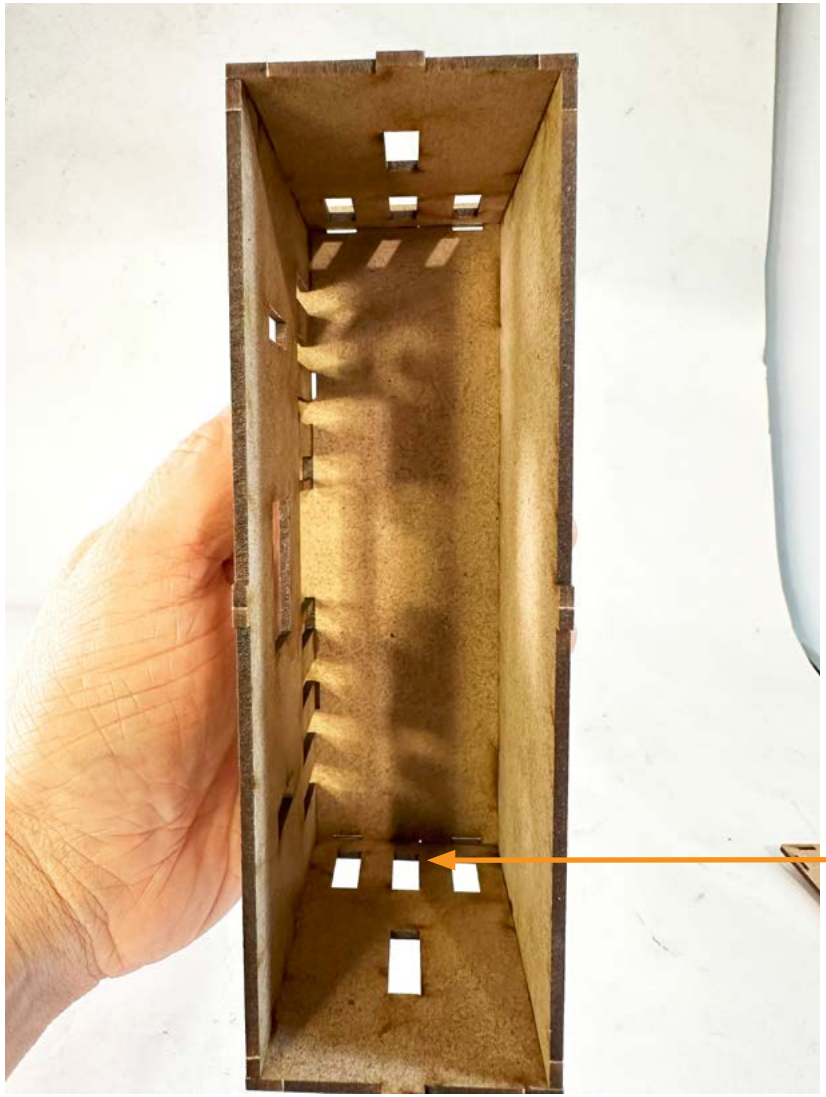
Don't forget the roof condensors!

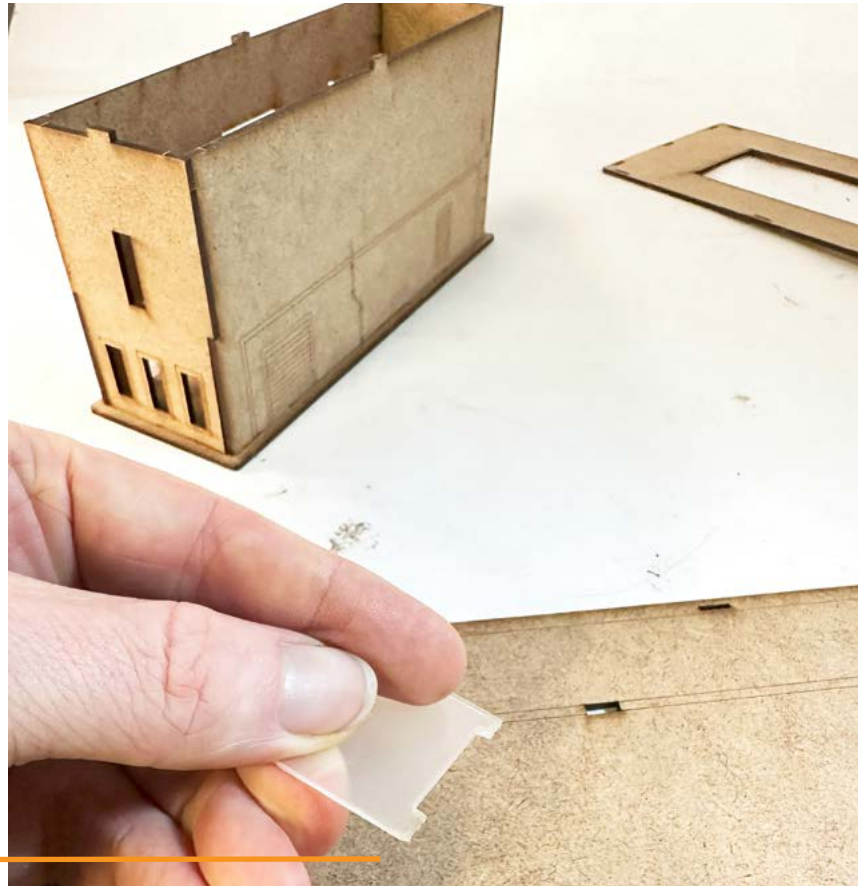
© Copyright Brutal Cities 2024 // BrutalCities.com

Glue the 4 walls to the ground slab as shown.

© Copyright Brutal Cities 2024 // BrutalCities.com

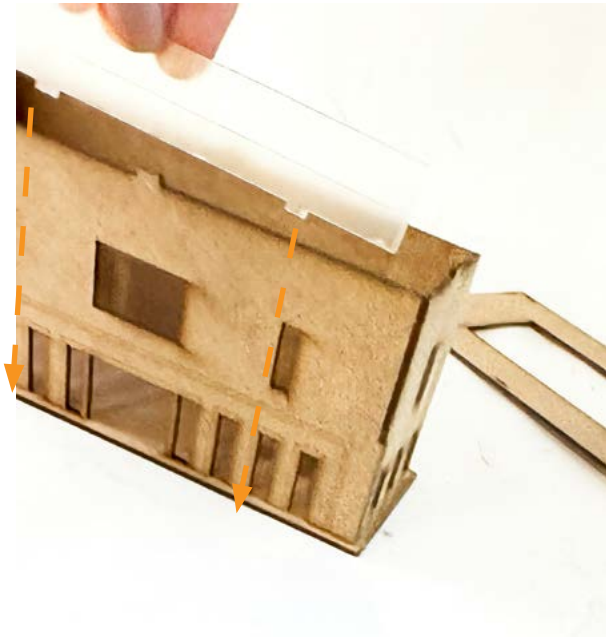
BRUTALIST CIVIC CENTRE INSTRUCTIONS - B





Slide the small fadelight pieces to the slots in the slab

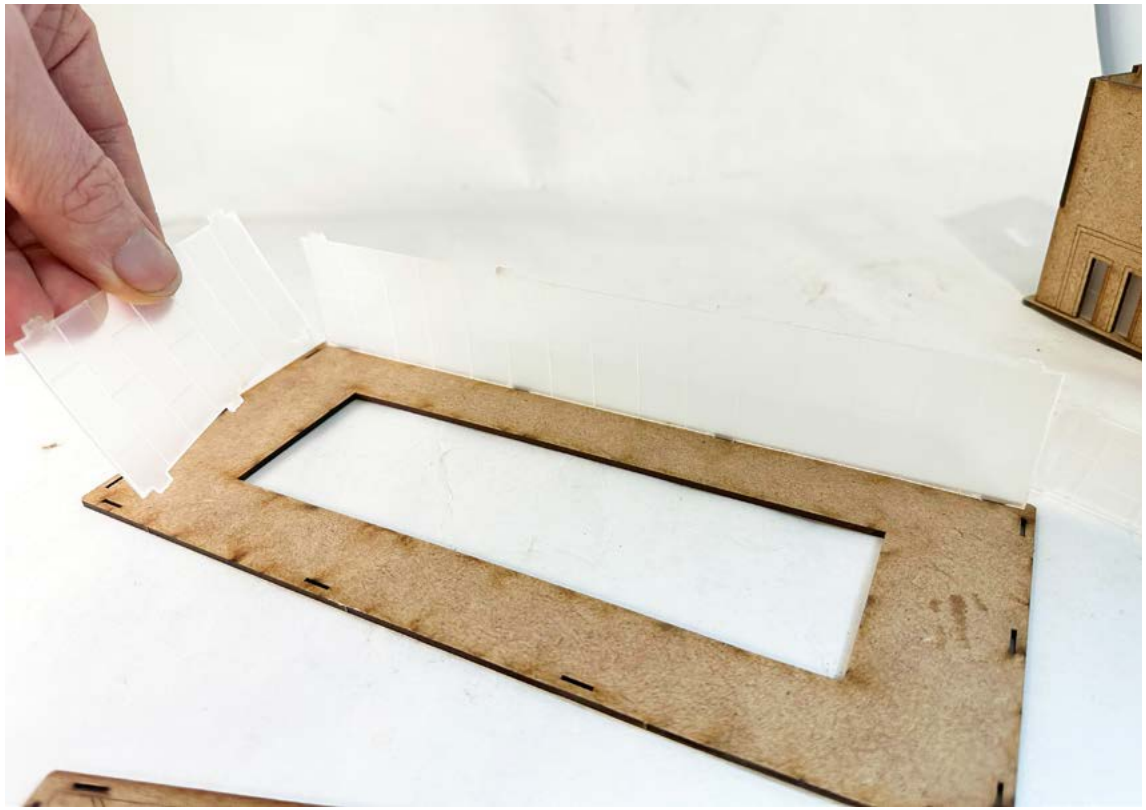
© Copyright Brutal Cities 2024 // BrutalCities.com



Slide the long fadelight piece into the ground floor slab slots

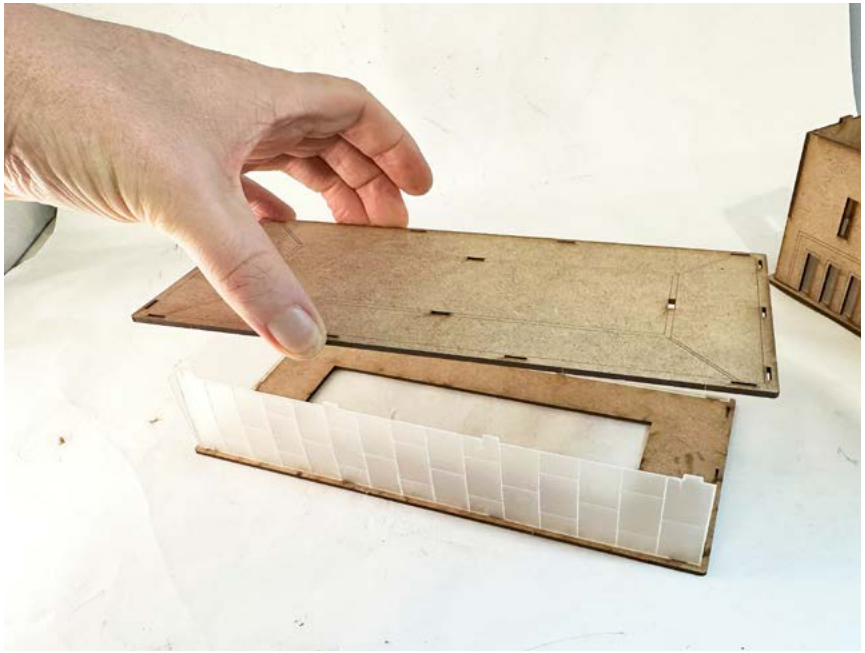
© Copyright Brutal Cities 2024 // BrutalCities.com

Slide the 4 fadelight plastic parts into the slab with the hole



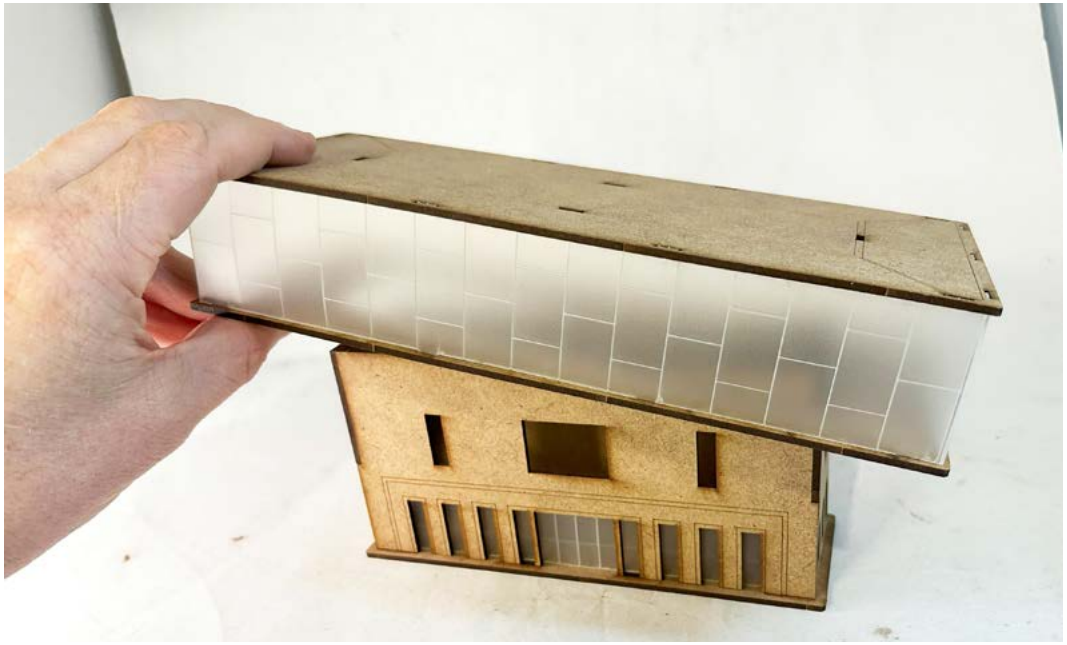
© Copyright Brutal Cities 2024 // BrutalCities.com

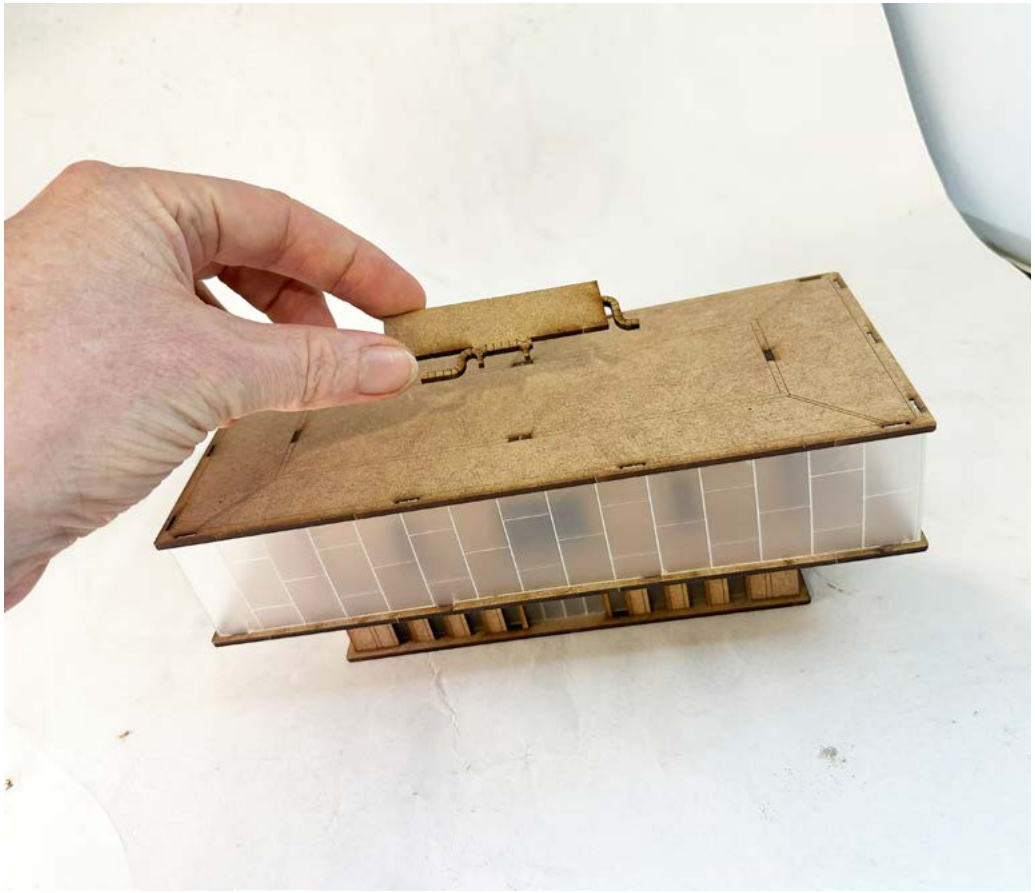
When you have all 4 fadelight plastic parts in place, fix the fadelight tabs to the roof slab slots.



It can be easier to use the hole so you hand can place the slots and tabs together.

© Copyright Brutal Cities 2024 // BrutalCities.com





You can now glue the roof to the inner walls

BRUTALIST CIVIC CENTRE INSTRUCTIONS - D

(The next page shows the earlier steps)
Before gluing the columns, Pay attention to make sure the columns with nubs at the top line up with the main roof slab.

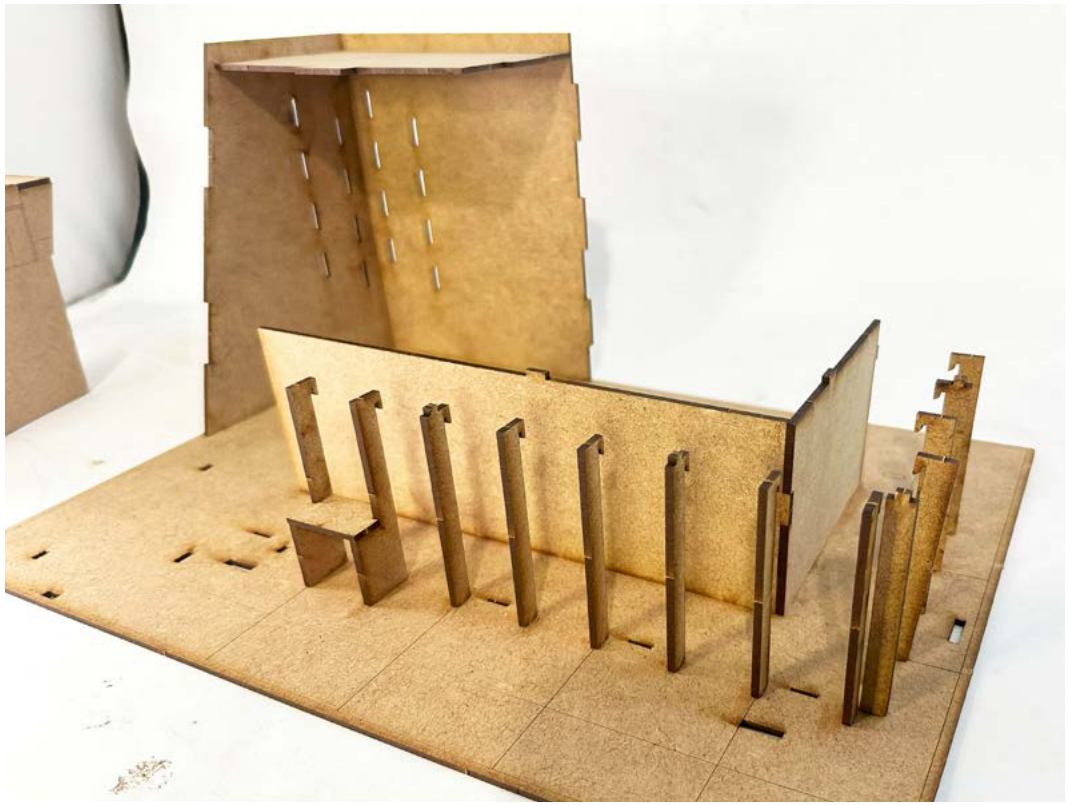
BRUTALIST CIVIC CENTRE INSTRUCTIONS - D

Glue the pieces as shown and let dry - they will need to be dry to resist the placement of the fadelight plastic later. Everything shown should be painted before final assembly.



These pieces are the inside faces fadelight used for building D (The textured side is the external side)

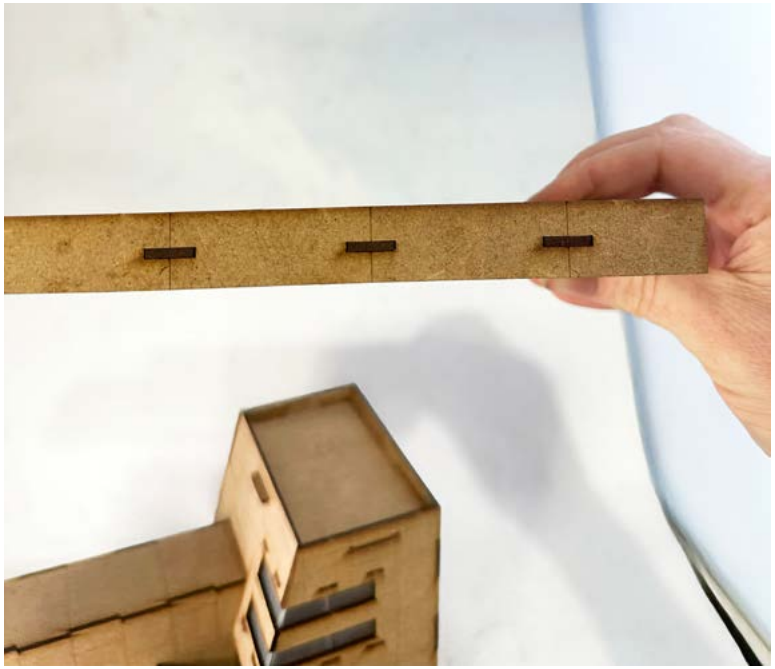
Make sure the roof ballustrade matches the height of the rear wall (Dry fit to make sure you have it the right way up, there's a slight difference)



Pay attention to carefully line up the nubs with the slots of the roof slab
