BABY'S FIRST BIRTHDAY

Fun fact, Posted Fete was born out of planning my son's first birthday. This is a major milestone, and like you, I wanted to celebrate this day in a big way. And phew, it was a lot of work to pull together in my sleep-deprived stupor.

So here is my mom advice, when it comes to decorations keep it simple. Save yourself a trip to the party store. Skip the streamers and dangling punch out paper decorations. Instead, invest in a statement piece.

What you see, isn't what you get. I'll create a beautiful backdrop that is on theme for that adorable cake smash photo, and help you tie your theme together with a few other items as well.
