

## 3D PRINTERS

# CUBICON SINGLE PLUS

**\$4,199.99**

### ABOUT THE SINGLE PLUS

The Cubicon Single Plus is one of the best 'plug and play' 3D printers on the market. This machine is equipped with an automatically heated and leveled print bed which has a large 240 x 190 x 200mm build volume. Cubicon 3D printers also have a specialty coated printing bed to ensure that prints stick during operation but also lift easily upon completion.

### FEATURES

- Automatically heated and leveled bed
- Fully enclosed, HEPA/Carbon Purafil filtration
- Intuitive and easy-to-use touchscreen interface
- Low-noise level during operation
- Modular design for easy maintenance and upgrades
- Temperature controlled chamber
- Supports various types of filament
- Filament detection to prevent misprints
- Self-checkup function for core components
