

3D PRINTERS

CUBICON STYLE PLUS

\$2,399.99

ABOUT THE STYLE PLUS

The Cubicon Style Plus 3D printer maintains the small desktop-friendly size of its predecessor, the Style, while adding new features like an automatic filament supply system and full colour touchscreen display. The Cubicon Style Plus is also equipped with improved auto-leveling capabilities and enhanced thermal efficiency thanks for a new insulated, coated and heated printing bed.

With superior output quality and user-friendly features, the Cubicon Style Plus is the ideal "plug and play" printer for delivering industry-standard performance.

FEATURES

- Improved automated bed leveling
- Fully-enclosed, Carbon/HEPA filtration
- Intuitive and easy-to-use touchscreen interface
- Insulated, coated, and heated bed for easy print removal
- Supports various types of filament
- Filament detection to prevent misprints
- Replaceable nozzle for easy repairs
