

ALICE IMPROVED QUICK RELEASE ADJUSTMENT STRAPS INSTRUCTIONS

1. Remove the original lower adjustment straps from the ALICE pack shoulder straps and frame. Slide the loop end of the new QR Adjustment Strap through the plastic grommet on the frame, from front to back.

2. Pass the buckle end of the QR Adjustment Strap through the loop end.

3. Pull the strap tight to the frame.

ALICE IMPROVED QUICK RELEASE ADJUSTMENT STRAPS INSTRUCTIONS

4. Slide the metal oval loop on the QR Adjustment Strap onto the metal rectangular loop on the ALICE shoulder strap. Slide the plastic retainer clip through the metal rectangular loop to secure the assembly together.

5. Secure the male and female sides of the snap fasteners together.
