OUTASK

Thank you for purchasing this Product. Please read this manual carefully before use and keep it for future reference!

Parameter	Specification
Input	5V \cdots 3A/9V \cdots 2A/12V \cdots 1.5A
Output	5V \cdots 3A/9V \cdots 2A/12V \cdots 1.5A
Battery Capacity	44.4Wh(3.7V 12000mAh)
Time to Fully Charged	5 Hours by 18W Type-C Power Supply (For reference only, when the USB power source is insufficient to provide 18W power capacity, the charging time will be longer)

* All above specifications are test results based on ANSI/NEMA FL1-2009 Standard. The tests are performed using the battery built in the light.

Before first use, please fully charge the product.

* Connect the USB end of the Type-C to an external USB power source, then attach the other end of the cable to the charging port of the light (best charging efficiency with a 5V 2A USB power source).

* Battery capacity: 12000mAh

* Time to fully charged: About 5 Hours

4 blue lights on 75%-100%

3 blue lights on 50%-75%

2 blue lights on 25%-50%

1 blue light on 5%-25%

1 blue light strobe <5%

DANGER

• DO NOT throw the light directly into human eyes. This may cause temporary blindness, or permanent damage to the eyes.

WARNING

- Don't leave the light in a car where inside of temperature may be over 60°C, or in similar places.
- Before long term storage, please fully charge the product.
- When the charging port is not in use, keep the port dust cover closed to prevent the entry of dust or other foreign matters.
- Please DO NOT place the product in a dusty environment, because dust may enter the switch and cause it to malfunction.
- Do not disassemble the product.
- Do not immerse the flashlight in seawater or other corrosive media as it will damage the product.
- Please handle it with care to protect it from falling down.
- DO NOT pull its telescopic rod excessively to avoid damaging the product.

NOTICE

- Please charge the product with a 18W or higher-capacity USB power adapter to achieve the fastest charging possible.
- Please keep the product away from radios to avoid causing noise or interference to the radio signals.

EXCLUSION CLAUSE

FLEXTAIL & Outask is not liable for damages or injuries sustained resulting from the usage of the product inconsistent with the warnings in the manual.
