■ Welcome To Proaim!

Dear Client,

On behalf of all the people that work so hard to provide you with the most up-to-date, flexible and cost-efficient production gear, we would like to welcome you into the Proaim family.

By purchasing your Proaim[™] 12ft Carbon Fiber Boom Pole, 20ft Long XLR Cable, you have just joined a host of designers, engineers, machinists, assembly, customer service and office staff that take great pride in all that they do. Our mantra of continuous improvement has been the guiding principle of how we conduct our business since day one.

Once you have the opportunity to experience your new Proaim[™] 12ft Carbon Fiber Boom Pole, 20ft Long XLR Cable, we hope you will agree that we craft quality products at a competitive price. Products designed to meet and exceed the standards of today's real production world.

Standards set by our valued clients and standards we strive to maintain.

With Best Wishes,

Proaim Team

Introduction

PROAIM™ introduces its professional & precision balanced boom pole for location recordings. It is 12ft long boom pole constructed from carbon fibre that keeps the boom pole robust yet light enough to hold comfortably during long recordings. It is so designed that it can be smoothly & quickly expanded or contracted from 3ft to 12ft. It has soft padded hand grips that provide comfort and also isolates noise when holding the boom pole. This audio unit incorporates a direct XLR connection to the boom pole. It is internally wired that eliminates the hassle of messy cables or the need for extra connections. Our new version of Carbon fiber boom pole comes with 3/8″-16 screw on the first end of the pole to attach microphone blimps.

■ What's In The Box

Please inspect the contents of your shipped package to ensure you have received everything that is listed below.

Assembling

• Detach the big part of the blimp handle by loosening the ratchet knob.

Remove the spring and bolt from another side.

• Pose the small part on the blimp adapter from one side.

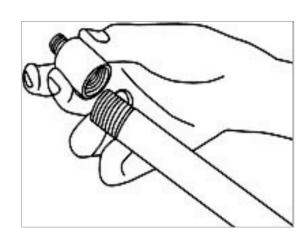

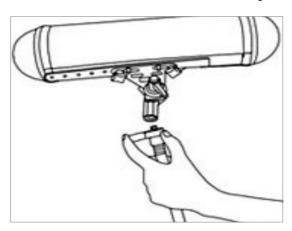

• Tighten the whole adapter set with the knob.

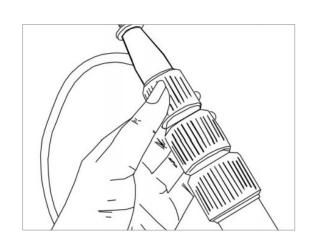

• Mount the 3/8" boom pole adapter on the boom pole.

 Screw-in the adapter mounted on the blimp with the adapter on the boom pole.

You can extend the boom pole up to
12ft. by loosening these rings.

• **NOTE**: You can also directly attach the boom pole with blimp's handle.

YOUR PROAIM 12FT CARBON BOOM POLE ALL DRESSED UP AND READY TO GO!

(SHOWN WITH OPTIONAL ACCESSORIES)

WARRANTY

We offer a one year warranty for our products from the date of purchase.

We will repair or replace your product, free of charge, in the event of a defect in materials or craftsmanship obtained during normal use or handling based on the user manual. Please note that we will not cover any shipping costs for returning the product to us. If any VAT or import duties are applied to the return, we will also charge these costs to the customer.

The warranty does not include, by the way of example, damage caused by products that we do not supply or from mishandling in transit, accident, misuse, neglect, lack of care of the product, or service by anyone other than our company.

We are not liable for incidental or consequential damages resulting from the use of the unit or occurring due to any breach of this warranty.

Replacement parts of the product will be provided at nominal cost (covering the cost price of the replacement parts only) to the customers after the Warranty Period has expired. We will cover

the complete cost of sending replacement parts within the warranty period. After that, Nominal cost of the product & Actual shipping cost will be charged.

Do not send the unit to us without first getting a response and getting the approval to send back the item.

In case of any kind of dissatisfaction, we urge you to Contact us immediately and we shall do our Best to help you out. For any other assistance you can reach us via email.
