Clip-on Overhead Rig Setup

- Loosen the track clamp's knob and mount it by inserting it into the baby pin.

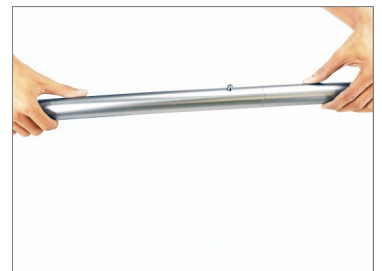

- Insert the track clamp into the baby pin and tighten it properly with the help of a knob.

- Straighten the rails by opening them manually.

- By pressing the pin, join the rails together.

- After joining the rails, it will be properly straightened.

- Loosen both the knobs of the track clamp.

- Insert the rail on to the top part of the track clamp.

- Secure by tightening both the knobs together.

- Loosen the 4 knobs of the camera mounting plate.

- Loosen the mounting plate.

- Then properly insert the rail in the camera mounting plate, As shown in the image.

- Tighten the 4 knobs of the camera mounting plate properly and insert it into the second track clamp.

- After fixing the rail properly into the clamp, secure them by tightening both the knobs together.

- As shown in the image, the Rails are now properly attached with the Track Clamp.

- Attach the camera on the camera mounting plate with the help of camera bolt and secure it properly.
