■ Welcome To Proaim!

Dear Client,

On behalf of all the people that work so hard to provide you with the most up-to-date, flexible and cost-efficient production gear, we would like to welcome you into the Proaim family.

By purchasing your Proaim 100mm Camera Tripod Stand with Aluminum Spreader you have just joined a host of designers, engineers, machinists, assembly, customer service and office staff that take great pride in all that they do. Our mantra of continuous improvement has been the guiding principle of how we conduct our business since day one.

Once you have the opportunity to experience your new Proaim 100mm Camera Tripod Stand with Aluminum Spreader , we hope you will agree that we craft quality products at a competitive price. Products designed to meet and exceed the standards of today's real production world.

Standards set by our valued clients and standards we strive to maintain.

With Best Wishes,

Proaim Team

■ Introduction

The PROAIM Two-Stage 100mm Tripod Stand with spreader is an extremely powerful combination used for video and photography applications. This system gives you versatility and stability you need for fast and efficient workflow. High Grade Aluminum construction allows it to hold 80kg/176lb of payload with ease. Two stage tripod with built in mid-level spreader is a stable platform with an incredible height range of 60". The legs incorporate recessed horizontal lock levers that are easily accessible for safe and secure height adjustment. 20mm & 14mm diameter aluminum tubes are very strong.

■ What's In The Box

Please inspect the contents of your shipped package to ensure you have received everything that is listed below.

Cst-100 tripod stand with spreader (CST-100-01)

Bag packing

■ Assembling

CST-100 TRIPOD STAND

- Position the height of the tripod by loosening all three adjustment knobs, sliding the tripod up to the desired height and re-tighten the knobs securely.

- Similarly, use all three adjustment bottom knobs to spread the stand legs, after spread the legs of stand make sure all knobs tighten properly to secure your setups.

Aluminum Tripod Spreader

- In case of spreader, Take out the Spreader and spread it on floor and open the legs (as per your requirement) of spreader with the help of provided knob.

- Now mount the Tripod Stand on Spreader, lock it in place with the rubber grips
