8ft Track Aluminum Pipe Kit Setup

- Interconnect portable track sections via 4 feet of thread.

- Loosen the long thumb screws and insert into the portable track sections (Not included) then lock the long thumb screws to track into position.

- Now place the dolly platform (Not included) onto the track. The handles part of the dolly platform (Not included) should be inside of the track as shown. Make sure all wheels are aligned correctly on the track and dolly runs smoothly.

- Loosen the knob of break bracket and Mount the break bracket on side of the dolly platform (Not included) & tighten the knob.

Note: Adjust the position of the break bracket so it goes under the track to prevent the platform from tilting out.

Note: Track can be used in lengths of 4ft and 8ft, depending on your shot requirements. Polaris and Flymate Dolly (Not included) Compatible with Track as shown in the picture.
