Agile Dolly Setup

- Loosen the knob of the Agile Dolly and tighten the knob again by spreading the legs, as shown in the image.

NOTE: Proaim Agile Studio Tripod Dolly is specially designed for Single Spiked & Double Spiked Tripods.

- Then loosen the ratchet knob and remove the wheels. Repeat this process for other two wheels as well.

- Now insert the track wheel in the central leg and tighten it properly with help of the ratchet knob.

- Now insert the other two wheels in the central leg and again tighten them properly with help of the ratchet knob.

- Now your Proaim Track Studio Dolly with track wheels looks like this as shown in image.

- Now mount the Dolly on the velvet steel track (Not Included) and properly secure it, as shown in the image.

NOTE: The provided trailing arm helps it to move conveniently on the curved tracks & adapt to the variations in the track's central distance. Both castor & track wheels rotate 360°, which helps fast mobility in any required direction.

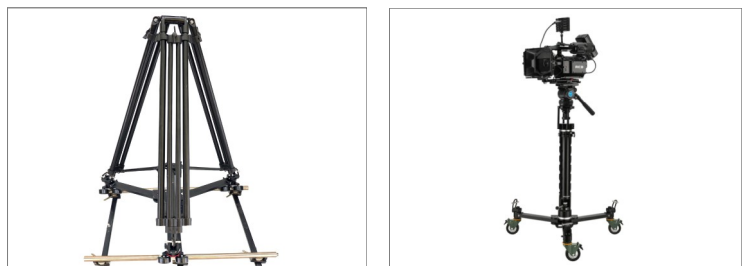

■ Stand Setup

- Now mount the stand CST100 (Not Included) on Agile Dolly and secure it properly with the elastic tie.

NOTE: The central panel of the Dolly has a Euro mount receiver that adapts a variety of setups like bazooka, sliders, or fluid head using risers, etc.

NOTE: In addition, wheels have locks to ensure stable shots in a static position. Wheels are attached to the legs through a thumbscrew to enable quick wheel replacement. And it is easily operable by one person without any hassle .
