Alpha Workstation Tray

1 x Workstation Tray Holder

Alpha Tool Tray

4 x Knobs

4 x Washers

2 x Springs

Bag Packing

## Alpha Stand Setup

- Loosen the knob of the Alpha stand and spread its legs on the floor (as per your requirement).
- Secure the legs with the help of knobs at the top and bottom.

- Loosen the knob to adjust the stand height as per your need and tighten the knob back, as shown in the image.

**NOTE:** The Alpha Stand has 3 sections to adjust the height with quick & secure locking knobs. The central main post of the stand is adjustable, through which you can change its height as you require.

## Alpha Wheels Setup

- Using an Allen key, loosen the bolts of the Alpha wheels.

- Properly insert the alpha wheels into the Alpha support stand.

**NOTE:** It is a set of three pneumatic wheels that revolve 360°, offering great mobility.

- After inserting the Alpha wheels, properly secure them with the help of an Allen key and push the locking lever to stabilize the wheel.

**NOTE:** Each wheel is secured to the standing leg with a locking lever and has a specially designed footbrake that keeps the stand completely steady, stable, and secure for reliable parking.

**NOTE:** Roll your stands smoothly around a set or location with Proaim Wheel Set, which combines perfectly with Proaim Alpha Support Stand and any 1x1" Square Legs Stands.

## Alpha Workstation Tray Setup

- Loosen the clamp knob of the workstation tray holder and then mount it onto the alpha support stand.

- After mounting the workstation tray holder, tighten the clamp knob.

**NOTE:** It's tool-less mounting clamps make it super quick to connect, adjust & disconnect from a stand without hassle.

**NOTE:** Proaim Alpha Workstation/Case Tray transforms your C-Stand into the best standing & moving laptop workstation that you can take where your work requires it to be.

## Alpha Tool Tray Setup

- Mount the Alpha tool tray by sliding it onto the leg of the Alpha support stand and secure it properly by tightening the knob.

**NOTE:** In order to mount, you just need to slide and attach it over the leg-straps of the Alpha stand & tighten with four knobs at the back.

**NOTE:** Proaim Alpha Tool Tray lets you keep your all essential & frequently used production tools near & organized.

**NOTE:** It's all set to hold your block batteries, small-sized RAID systems, Allen keys & other essential tools.

## VESA Monitor Mount Setup

- Mount the monitor mount on the stand and secure it completely.

**NOTE:** Monitor Mount provides an additional 3/8"-16 thread on the top for accessory mounting, e.g. Compatible LCD arms, mounts, etc.

- Loosen the side knob of the stand mounting clamp as per your requirement.

- By loosening the side knob, you can move the monitor mount up to 180° up-down, as shown in the images.

- Loosen and remove the knob from the other side of the stand mounting clamp and loosen the inbuilt bolt using an Allen key.

- After loosening the inbuilt bolt, you can rotate the monitor mount up to 360°, as shown in the images.

- After the rotation, tighten the bolt and re-attach the knob.

- Remove the monitor mount from the stand mounting clamp and attach it to the LCD.

- Bolt-together the LCD and the monitor mount and then attach it to the stand mounting clamp.

- Once the monitor mount is attached to the stand mounting clamp, secure it properly using an Allen key as shown in the image.

### Your setup is now ready.

- Alpha Camera Stand also supports photo equipment & lighting accessories like reflectors, soft boxes, lights, utility trays, workstations, and many more.

**NOTE:** The Stand has 5/8" baby pin mount on the top to attach the camera stabilizer system & gimbals with their support accessories.
