FEATURES

Falcon Rickshaw Setup

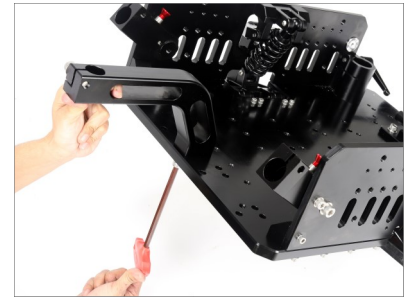

- The Rod adapter already has four bolts. Loosen and remove them with the help of an Allen key.

- Align the threads of the rod adapter and the robust platform together and secure them with bolts.

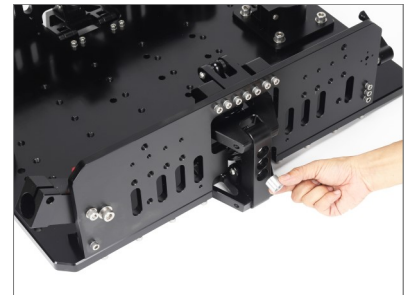

- Tighten the bolts using a 5/16 Allen key.

- Insert the Castor wheel into the rod adapter hole and securely tighten it with a 5/16mm Allen key.

- Remove the bush from the bolt. Attach it to any of the three holes present on the side of the rickshaw platform.

- Insert the bolt into the center hole of the wheel. Then bolt this wheel through 3 holes present on the side of the platform. Repeat the same process on the other side of the platform.

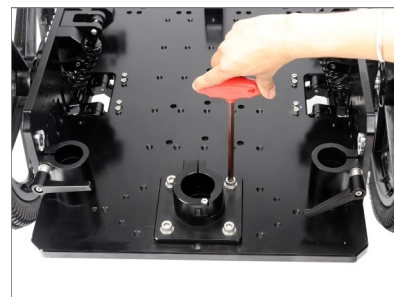

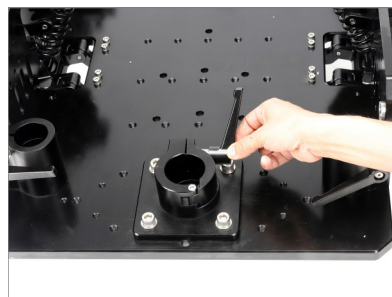

- Tighten the bolts using a 19mm spanner to secure the wheels to the platform.

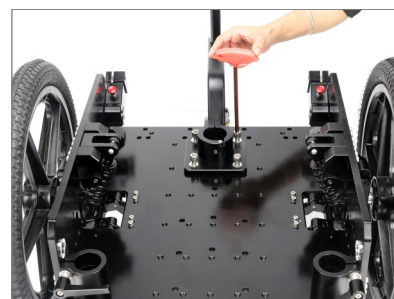

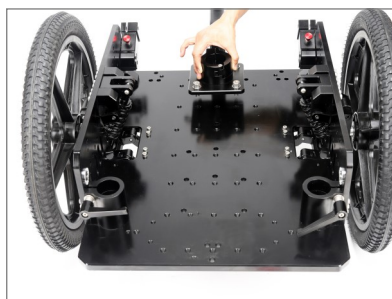

Seat Position

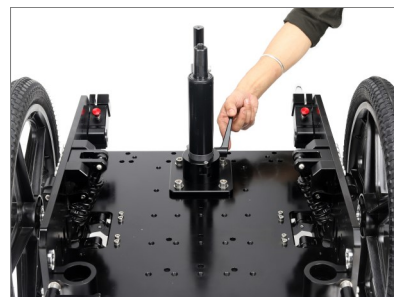

- To adjust the seat mount adaptor, loosen the ratchet knob and remove the bolts with the help of a 5/16mm Allen key.

- Multiple threads are provided on the robust platform. Adjust and mount your seat adaptor anywhere on the platform as per your needs and re-tighten the bolts using a 5/16mm Allen key.

- Insert the seat bridge into the seat mount adaptor and secure them together with the ratchet knob.

- The seat pole has a height adjusting feature so you can easily set your seat up and down. Lock the seat to your desired position using the seat break.

- Using a 2.5mm Allen key, loosen the bolt of the handle support rod and remove it. Align the handle support rod thread with the thread on the telescopic chassis rod.
Note: There is a thread option on the telescopic chassis rod for attaching the support rod.

- Then insert the bolt into the telescopic rod and secure it with an Allen key.

- Pull the red pull pin and insert the main chassis into the adjustable end mounts.

- Secure the main chassis using the ratchet knob. To extend the length of the main chassis, Insert rods on both sides of the chassis and secure them using a 6mm Allen Key.

- Using a 5mm Allen key, loosen the telescopic push/pull handle rod mount and adjust the length as per your needs. Then, secure it using the same Allen key.

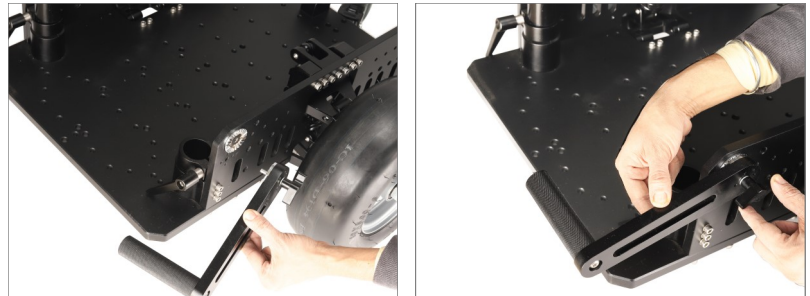

- Secure the top handle rod mount and the adjustable end mount together using an Allen key.

- Now, Insert a rod (**Not-Included**) into the rod mount accessory and securely tighten it with the ratchet knob.

- Insert the footrest by aligning it with the rickshaw platform thread. Then, secure it correctly with the footrest knob, as shown in the picture.
