Keen-Eye Car Door Setup

- Loosen the knob to properly open the keen eye car mount and then open it.

- Loosen the knob slightly to fit the keen eye car mount to the car window and then fit it to the window accordingly.

NOTE: Keen Eye Car mount is easily adjustable or reversible to fit nearly to any vehicle door or window as shown in the image.

- After fitting the keen eye car mount to the window, properly secure it with the help of the knob.

- With the help of the knob adjust the keen eye car mount from the bottom and tighten the knob back by adjusting it accordingly.

- To properly grip the keen eye car mount from bottom, secure it with the help of the side knob.

- After properly gripping the keen eye car mount to the car, secure it with the knob and then mount the Superball Camera Tripod Ball Head (Not Included) by matching it with the 3/8"-16 thread of the eye car mount.

- After mounting the Superball Camera Tripod Ball Head (Not Included), properly secure it from bottom with the help of the knob.

NOTE: The 3/8" mount screw-on platform lets you attach any ball or gimbal head, and also, there is a built-in bubble level to ensure perfect positioning.

- Mount the camera on the ball head and then lock it, as shown in the image.

NOTE: Keen-eye car mount it on the outside of your car door for added flexibility.

- It has a designed specifically for mounting professional DSLR cameras with 400mm-600mm lenses on a car door/ window. It is the perfect camera support for a car window and the door, which offers convenience and versatility to the photographer shooting inside and around a vehicle.

Keen-Eye Car Mount Easy to Adjust Inside/Outside of the Car
