SnapRig Kit Setup

- Loosen the knob of the Fluid head **(Not Included)**.

- Then remove the quick release plate by pushing the push-pin knob on the back of the fluid head .

- Now attach the quick release plate by aligning it with the dovetail plate, and then secure the assembly using the bolt with a screw driver.

- Press the push-pin button of the fluid head and then slide and insert the dovetail plate.

- Properly tighten the knob of the Fluid head .

Baseplate with Quick Release Plate

- Loosen the knob of the baseplate with quick release Plate.

- Push the pin affixed to the dovetail plate, as shown in the image.

- Then slide and insert the baseplate and secure it by tightening its knob.

- Baseplate has been properly attached to the dovetail plate.

- Loosen both the knobs of the baseplate.

- Then insert the Aluminum rod into the baseplate.

- Similarly, follow the same procedure for attaching another Aluminum Rod to Baseplate.

NOTE: The baseplate mounts securely to an ARRI- standard dovetail plate, with safety latches on each end to secure your gear. It easily attaches to a tripod or fluid head via 1/4"-20 and 3/8"-16 mounting threads on the dovetail plate.

- Now push the press button of the baseplate and remove the quick release plate. Attach the quick release plate to the base of camera. Mount the FX6 camera (Not Included) by sliding it over the baseplate.

- The camera mounts onto the quick release plate that further mounts the camera onto the 15mm LWS baseplate.

YOUR PROAIM SNAPRIG PROFESSIONAL KIT ALL DRESSED UP AND READY TO GO!

(SHOWN WITH OPTIONAL ACCESSORIES)

Warranty: We offer one year warranty for our products from date of purchase. Within this period of time, we will repair it without charge for labor or parts.
