Left: **ROBERT YOUNG ANTIQUES** This monumental vernacular carved-stone lion, with engaging 'human' face and finely detailed mane, will be shown by Robert Young Antiques on Stand C11 at Masterpiece London. This magnificent documentary example of British regional stone sculpture, made for the roof parapet of the Port Admiral pub in Preston, Lancs, c1854, is typical of the rare, stylish and engaging works of vernacular, folk and naive art for which the company is internationally reputed.
