"To maximize benefits, 1-TDC® can be applied orally and serves as a tasty supplement that improves joint, oral, and skin health while increasing stamina and maintaining a healthy recovery in your athlete.

I highly recommend 1-TDC®!"

—Sherman O. Canapp Jr.

DVM, MS, CCRT, DACVS, DACVSMR Chief of Staff/Owner, VOSM

I have had older dogs that I've used 1-TDC® with that had discomfort when they were getting up, had less mobility and the 1-TDC® really made a HUGE difference in their comfort and movement. In my younger dogs after a day of swimming or hiking I noticed that they don't need a recovery time and their joints recover a lot better than they did before.
