

Certificate of Analysis

Prosi Prestained Protein Marker

Cat No : P8500

Lot No : 01192416

Exp. Feb. 2029

TEST	Specification	Result
Appearance	Dark blue liquid	PASS
Protease	None	None
Electrophoresis on 4-20% Gradient Gel	Clear 10 bands	PASS

Apparent Molecular Weight

5 ul of the marker is separated on 4-20 % SDS PAGE and Stained with Coomassie Brilliant Blue G-250. Protein mobility of all bands in the ladder is compared with Corresponding unstained protein marker. Molecular weight are calculated using specified software.
