Luggage Companion
Quick Start Guide

Getting Started

01

- Power On/ Off:**
 - Press the Luggage Companion Function Button once to turn it on. It should beep once to indicate that it is powered on.
 - To power off, press and hold the same button until two confirmation beeps sound, then release the button, two short beeps will sound to indicate that it is powered off.
- Check For Updates:**
 - To use the Apple® Find My® app to locate Luggage Companion, the latest version of iOS®, iPadOS®, or macOS® is recommended. The Find Items app on Apple Watch® requires the latest version of watchOS®.

Add Your “Luggage Companion”

02

- Start the App**
 - Open the Find My app on your supported iPhone® or iPad®.
 - Allow notifications from the app.
- Connect your Luggage Companion**
 - Power on your Luggage Companion.
 - Tap “+” then “Add Other Item”.
 - Once your Luggage Companion is located, tap “Connect”.
 - Choose a recognizable name and emoji for your Item Locator and tap “Continue”
 - Find My will ask for confirmation to add your Luggage Companion to your Apple ID – tap “Continue”.
 - Tap “Finish” and your Luggage Companion will be set up and ready to be connected to whatever item you wish to locate, e.g., your keys.

Locate Your Item

03

- Find Luggage Companion when it is Nearby**
 - Open the Find My app and select the “Items” tab or open the Find Items app on your Apple Watch.
 - Tap on your Luggage Companion from the list.
 - Tap “Play Sound” to make your Luggage Companion beep.
 - Tap “Stop Sound” to stop the beeps once you find your item.
- Find Luggage Companion Last Known Location**
 - Open the Find My app and select the “Items” tab or open the Find Items app on your Apple Watch.
 - Tap on your Luggage Companion from the list.
 - Our Luggage Companion last known location will appear on the map.
 - To navigate to that last known location, tap “Directions” to open the Maps app.

Find Item When Out of Range

04

- Enabling “Notify When Left Behind”**
 - Open the Find My app and select the “Items” tab or open the Find Items app on your Apple Watch.
 - Tap on your Luggage Companion from the list.
 - Under “Notifications”, enable the “Notify When Left Behind” toggle.
 - You will receive a notification when you leave your Luggage Companion behind and it's no longer in range of your device.
- Enabling “Notify When Found”**
 - Under “Notifications”, enable the “Notify When Found” toggle.
 - When your Luggage Companion is seen by another Find My enabled device, you will receive a notification of its updated location.
 - Note: “Notify When Found” can only be activated when your Luggage Companion is out of range.

How to deal with device loss

05

- Enabling “Lost Mode”**
 - Open the Find My app and select the “Items” tab or open the Find Items app on your Apple Watch.
 - Lap on your Luggage Companion from the list.
 - Under “Lost Mode”, tap “Enable”.
 - A screen detailing Lost Mode will pop up, tap “Continue”.
 - Enter your phone number or email address and tap “Next”.
 - You may enter a message that will be shared with the person that finds your item.
 - Tap “Activate” to enable “Lost Mode”.
 - Note: When “Lost Mode” is enabled, “Notify When Found” is automatically enabled.
 - Note: When “Lost Mode” is enabled, your Luggage Companion is locked and cannot be paired to a new device.

Resetting Your Luggage Companion

06

- Remove the Luggage Companion from Find My app**
 - Open the Find My app and select the “Items” tab.
 - Tap on your Luggage Companion from the list.
 - Please ensure “Lost Mode” is disabled.
 - Scroll to the bottom of the screen and tap “Remove Item”.
 - A summary will open, tap “Remove” to confirm.
- Factory Reset Your Luggage Companion:**
 - After successfully removing the Luggage Companion from Find My app, press and hold the Luggage Companion Function Button four times rapidly and then hold it a fifth time until you hear a ringing chime. It indicates that it is factory reset.
 - The Luggage Companion is now reset and ready to be paired to a new Apple ID.

FCC STATEMENT :

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

Luggage Companion Product Specification

1.model	AIYATO-L1
