Tip Tap Toolbox card

Create a cute little tool box card for youself or to give to someone special! Print out this page, then stick onto some card before cutting out along the dotted lines. Next add glue to the glue strip areas on the back of the tool box to create your pocket ready to pop your tools in!

Share your creations with us! #tenderleaf

Top tip!
We've left a space for you to add a name on the top of the tool box so you can make it super special!

Here's one we made
