### Wow how things have changed!

At the beginning of this year, as a company we had exciting plans for events and outside sale events, which have always been a tradition at Sportco & Outdoor Emporium. Fast forward to now, and we're left with more question marks than answers. With new mandates from our Governor and the current "Phase" of the month, we're left to getting down to the basics of serving our customers the best way possible.

### Back to Outside

Outdoor gear demand has created major bottlenecks with manufacturers and the gear they make for us.

Most manufacturers were furloughed or trimmed down during the initial shutdown. Increased demand immediately followed, creating a backlog in orders from retailers across the United States. Adding to these delays is the overseas manufacturing sector, in which products and parts have been delayed as well.

Firearms and ammunition are more popular items that have seen a nationwide demand that we expect to continue for the remainder of the year. Rest assured EVERYTHING is on order, we just cannot give guaranteed times when they will arrive, as national demand has exceeded manufacturing.

### We're with you

Please know that we have some of the largest orders into these manufacturers & distributors than anyone in the Northwest. Unfortunately we do not know when, "It will be here" and yes, "We have ordered more" to answer some common questions we receive every day. We agree it's frustrating when we have an item that is "sold-out".

Rest assured we are doing everything we can to restock those items as quickly as possible. We encourage everyone to follow our social media (Facebook & Instagram) for new arrivals of popular items.

### Positives

Today more people than ever are getting back to their roots and enjoying the outdoors. Spending time with family and friends, while fishing, camping or hiking in the outdoors is at an all-time high. It would be easy to not have a sale right now, but that's not how we roll. We have a commitment to our members and customers to offer the best deals in outdoor gear and we'll continue working hard for you.

### Thank you

In closing we want to thank you for choosing us as your outdoor gear resource. We have been a locally owned business for over 45 years, and we'll continue to serve you and the Northwest the best we can everyday.

*Stay safe and enjoy the outdoors.  
Live life the best way you can.*

Sportco & Outdoor Emporium Teams  
#theoutdoorsawaityou

### Membership Benefits

New members receive a free gift at purchase. Being a member entitles you to the best pricing in outdoor gear. You will always save a minimum of 5% off every item at our stores. Members also receive "Member Only" specials in the mail before the general public. Being a member entitles you to special warranty benefits including if you don't have your receipt we will have your transaction on record. We work hard everyday to sharing savings onto you!

Being a member is the smartest \$25 you will spend saving you hundreds throughout the year!

Make sure to carry your Member Card everyday!

**DID YOU KNOW?**  
Crickets can calculate the temperature. You don't always need a fancy gadget to tell you how hot or cold it is. During the spring and summer months, you can calculate the temperature by listening to a chirping cricket. Simply count the number of chirps you hear in 14 seconds. Then, add 40 to that number to find out the temperature in degrees Fahrenheit.

**SPIDERWIRE**

Spool up at Sportco & Outdoor Emporium Today!

**Spiderwire Ultracast**

**NOTHING GETS AWAY™**

Cold-fusion process creates increased abrasion resistance

High strength per diameter for increased confidence in all fishing applications!

The historically-inspired Viking Hand Axe is a design collaboration between Lynn C. Thompson, and custom bladesmiths Dave Baker and Rich McDonald. The stout 30" American Hickory handle, extra broad and sharp cutting edge, hooking "beard", and up-swept thrusting "horn" combine to make a formidable fighting axe that would be the pride of any Viking's collection!
