

## WRIST SIZE GUIDE

### INSTRUCTIONS

1. Print out this document to 100%, ensuring that page scaling is set to "none".
2. Check the printed size by measuring the line below (it should be exactly 5cm).  

3. Use a tape measure or length of ribbon, cord or string which can then be measured against a ruler (either one you have at home or the one to the right here).
4. You can also use this method to measure one of your own bracelets and then compare to the product that you are interested in purchasing.
5. Some of our bracelets have adjusters - please see the "Product Details" section of individual items for product dimensions.
6. Please note that for the Chunky bracelets you may need to add 0.5cm - 1cm to any measurements to get the right size for you.
7. If you have any queries, or would like to discuss altering the size of any of our products then please email us at [customercare@zoki-jewellery.com](mailto:customercare@zoki-jewellery.com).
