Futuristic needle valves NV01 are an ideal option for isolating or throttling applications. The self centering, non rotating stem ensures perfect seating. The rigid design gives repetitive bubble tight shut off.

Standard Specifications :

- End connection : BSPT / NPT
- Maximum working pressure : 3000 PSI at 100 deg C
- Material Of Construction : 304 SS / 316 SS
- Gland Packing : PTFE

Dimensions :

SIZE	A	B	C (sq.)
1/4"	80mm	50mm	22mm
3/8"	80mm	50mm	22mm
1/2"	83mm	55mm	25mm

Ordering Code :

NV01	MOC	CONNECTION	THREAD TYPE
1	SS304	A 3/8" M X 3/8" F	1 BSPT
2	SS316	B 3/8" F X 3/8" F	2 NPT
		C 1/2" M X 1/2" F	
		D 1/2" F X 1/2" F	

Sample Code : NV01-1-B -1
