

Additional shipping costs for countries outside the EU and Switzerland

For shipment to the EU (incl. Switzerland & Liechtenstein), DDP (Delivered Duty Paid) shipment is applied. This implicates that taxes are declared and all costs are included in the subtotal price communicated on the webshop. No additional costs have to be paid on arrival of the product.

Out of the EU, DAP (Delivered At Place) shipment is used. This implicates that the delivery country's VAT as well as custom duties need to be paid by receipt of the product. VAT is excluded for US and Australia due to VAT exempt limits.

This document provides an overview of estimates for potential additional costs (Date: November 2019) which have to be paid by receipt of the product per country.

Please be aware that these are estimates and without guarantee of correctness and completeness.
