

# Find the Perfect Fit

# VERLAS

## Verlas Ring Size Guide

Please print this guide on standard 8.5"x11" paper, scaled to 100%. You can position your credit card up to the line to the right to double check that this page is sized accurately.

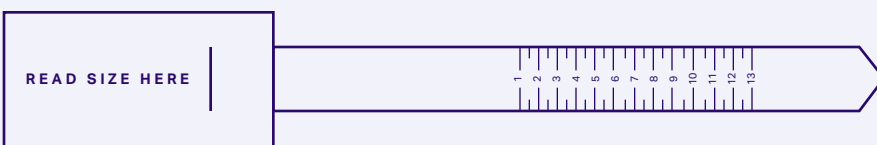

### METHOD 1 Use a Current Ring

Place a well-fitting ring on the page, and carefully match its inside edges to the most similarly-proportioned circle below. If the ring falls between two sizes, we recommend rounding up to the larger size.

### METHOD 2 Measure from Scratch

- 1 Cut out the Ring Sizer ruler below
- 2 Carefully cut a slit on the line next to "READ SIZE HERE"
- 3 Wrap the ruler around your finger, and slip the smaller end into the slit
- 4 Your ring size will be revealed next to the slit

### HELPFUL HINTS

To capture the perfect fit, measure in the evening, and be sure your ring hand is at body temperature.

Avoid abnormal swelling by skipping out on alcohol & excessive salt when you measure.

If you're in between sizes, we recommend rounding up to the larger size.

If it fits, it should comfortably slide on and off the finger without falling off or getting stuck.

Questions about finding the perfect fit? Don't hesitate to reach out to [Client Care](#). A Verlas Concierge will be glad to help.
