

# KNOW PAIN? KNOW GAIN.

## OA Reaction Web™

A Discreet Solution for Osteoarthritis

Knee Pain 

For sports medicine physicians dedicated to helping their patients return to an active lifestyle, the OA REACTION WEB is the lowest profile knee brace on the market to treat early or mild OA. The patented silicone web technology provides a custom fit that won't slip; it's so comfortable, patients may forget they're wearing a brace. Prescribe Motion with the OA REACTION WEB from DonJoy and the DJO Global family of brands. We believe Motion is Medicine.

### Lightweight, Low-Profile Pain Relief

Prescribe Motion with a new level of bracing comfort for patients with early to mild OA of the knee, or early joint space narrowing. OA REACTION WEB offers discreet wearability utilizing mild offloading and proprioception to help reduce knee pain for mild to moderate activity.

### Patented Web Technology

DonJoy, a pioneer in bracing technology, is taking OA bracing to the next level of comfort using breakthrough **silicone web technology**. OA REACTION WEB offers the thinnest and most open framework available.

### Discreet Pain Relief

OA REACTION WEB gives those with OA knee pain the relief they need in a comfortable, lightweight, low-profile solution that can even be worn under clothing **before, during and after activity**. Designed for elderly patients who participate in mild activity, obese patients, and active aging patients who jog, hike or play tennis or golf.

## Technology That Helps Them Maintain or Regain Mobility

**Silicone Web Technology** scientifically designed to provide shock absorption and anterior knee pain relief treating OA of both the knee joint and the patella

**Low-profile Design** wear it under pants, skirts or with exercise clothing as a discreet solution for pain

**Four-way, Adjustable Wraparound Design** comfortable, form-fitting design creates a custom-like fit for most legs that is easy to apply

**Patented, Integrated Silicone** comfortable offloading of the knee with a nonslip cup effect; the hexagon design allows air pockets to gently support the knee

**Easy to Wear** the most open and lightweight design available in OA knee bracing

When you prescribe OA REACTION WEB from DonJoy, you prescribe confidence, backed by the proven experience of the DJO Global family of brands. At DJO Global, we believe Motion is Medicine. By prescribing motion, we can all take control of our healthcare and choose a healthier path. Motion is Medicine offers an innovative, multidimensional approach of flexible, evidence-based product protocols through MotionCARE. Prescribe motion and return to a healthier life.
