

Be a Little Green Explorer

Tick off each activity and for each one completed you earn a badge!

start

Why not help our feathery friends this winter by making a bird feeder, or simply spot a beautiful bird for this badge!

In Autumn, nothing beats kicking your way through a pile of fallen leaves, finding the BEST conker or climbing a tree. Any of these activities will earn you your Tree Badge!

To earn this badge find a quiet spot in a nearby wood and build a den or hideout to spot wild animals... will the bears come out to play?!

Just like the wily, cunning fox, try your hand at some sneaky tracking and hunt out some animal prints in a local nature spot.

finish

Show your courage by doing something kind and generous to someone you love, or someone in your community to earn this badge!
