WELCOME

EVERLASTING FLOWERS FOR EVERLASTING MEMORIES

Shona here! I am a Glasgow based paper florist passionate about all things "flowers", so much so I recreate them with paper for your wedding.

My bespoke designs are created to suit your ideas and I pride myself on using my skills to create the perfect wedding flowers for you.

Flick through this brochure with your day in mind. It should inspire you with ideas and give you an indication of the overall cost.

Rather than offering fixed packages, all my items are individually priced. This means you'll only pay for what you need and you can customise your order to what you want.

After having a nosey, let me build your own quote by getting in touch to make an appointment and meet me.

Shona
