

FUSION™

MINERAL PAINT

COVERAGE GUIDE

With Fusion Mineral Paint's™ amazing coverage, it takes less paint than most other brands on the market to cover your project. On average*, a pint of Fusion™ will cover 75 square feet. Typically most colours offer full coat coverage in 1-2 coats.

1/6 PINT

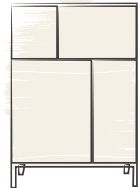

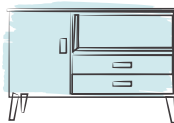

1/4 PINT

1/2 PINT

1 PINT

*Please note that coverage may be dependent on both the colour you choose and the original colour you are painting over. For example, white over dark wood or black would likely take additional coats to cover.
