

STEFAN GEVERS

Light, Come Light
Catalogue 2023

In the exhibition "Light, Come Light"
at Parallel Projects Stefan
works with the concept of
presenting our current place in
the landscape.

By exploring, observing and spending
time within the landscape, he has formed
responses to acknowledge historic and
cultural significance.

Light, come light
in pale blue shades
touch and go
while contours fade
greens turn to grey
when black springs
silence moves
the darkness away

"To comprehend the landscape sometimes you need to see the organic quality of the land, work with it and experience it. Every landscape has individuality and the same is true for the forms that make it up. Ultimately creating a connection with the place and it's past, making the now more valuable".

Stefan Gevers is an artist born in The Netherlands and graduated from the ARTEZ College of Art in 1999, with a Bachelor of Fine Arts degree. He is now an Australian Citizen, based in Melbourne and works predominantly with watercolour, textiles and ceramics and has an extensive exhibition history.

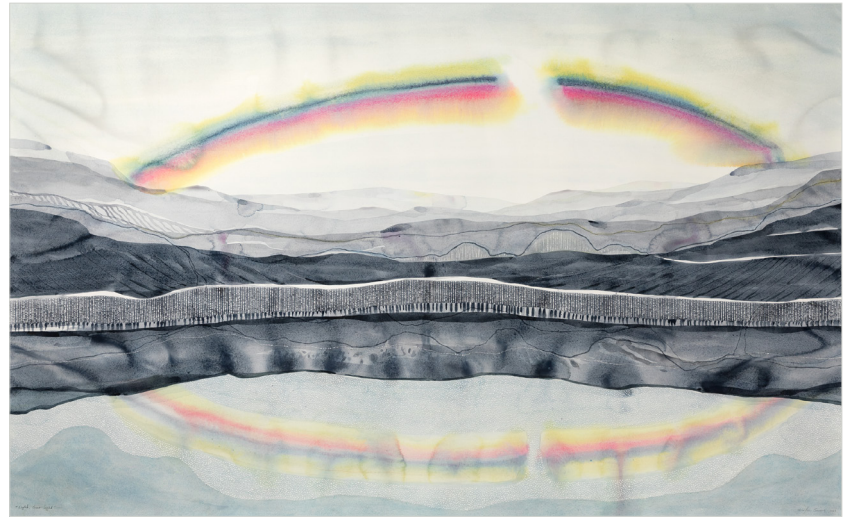

His works are held in the public collections of the National Australia Bank, Artbank, Banyule Council, Peter McCallum art Collection, State Library of Victoria & State Library of Queensland, and Private Collections.
