HAIR EXTENSIONS

Viola Hair Extensions is a leading supplier of European hair extensions in the UK. Hair is collected maintaining the natural alignment of the hair's growth, meaning the hair is tangle free. Hair is carefully selected to meet our high-quality standards and ethically sourced. The unique and delicate acid-free treatment process keeps the hair healthy, glossy and staying in excellent condition throughout the entire period of wearing. Viola Hair Extensions offers its customers a 190 days quality guarantee with all our hair, provided it is purchased alongside our aftercare range. This is the longest warranty in the UK! Viola Hair supplies hair for all application methods giving you the opportunity to offer your clients exactly what is right for them and their lifestyle. Viola Hair Extensions really does have it all.

*Time to have
great hair!*

NANO-TIP

Nano tip extensions are the most discreet hair extensions on the market to date making them our most popular hair extension method and the largest range. They are a small pre-bonded tip with a thin metal thread that's inserted into nano rings. Nano rings are 90% smaller than the standard micro rings, which makes the bonds practically invisible.

BRUSHES & COMBS

We focus on high standards of products because only such accessories ensure proper hair care. For example, for hair extensions we recommend use of the wooden bristle brushes - they gently comb the hair and reduce the tension on the bonds. These brushes are completely antistatic and made of natural materials - boar bristles and 100% beech wood certified FSC (Forest Stewardship Council). The pneumatic cushions they contain are made only of natural rubber. Viola Hair combs are made of thermoplastic for a superb smooth glide, they are anti-static, incredibly strong and resistant to high temperatures.
