

RE-TUNE & REPAIRS FORM

Please fill out the information on this form with what you are sending in and why (re-tune or repair), and what you would like to have happen. The call will be evaluated and if there is to be a charge, you will be contacted. If the item is deemed irreparable, we may, at our discretion, replace it or send a Gift Certificate for the last known retail value of the piece. If the call has sentimental value, and you would like to have it returned to you rather than being issued a credit or replacement, please make this very clear to us below.

Warranty

All calls made by HAVOC CALLS are covered with a lifetime service warranty. Meaning any call needing service such as tuning can be sent to HAVOC CALLS at anytime for retuning. Havoc calls that have manufacturers defects, are defective in function or have a natural defect such as the wood splitting will be replaced or can be refunded with a receipt within one year. Any other type of repair will be subject to a charge for part replacement. Example being a call dropped and the insert breaks or the barrel chips. Also calls cannot be returned for reasons such as the call just doesn't fit your calling style. If a question arises and you aren't sure about whether or not your call will be covered you may return it to HAVOC CALLS and you'll be contacted after the call has been diagnosed. When returning a call make sure to include a note stating what the call is doing or what you need done to the call.
