FREQUENTLY ASKED QUESTIONS

Do hands require more moisture than the rest of the body?
Hands are more prone to being dry and damaged than any other part of the body due to daily physical contact with objects and more frequent cleansing. That's why it's important to always have a fast-absorbing hand lotion to stay comfortable.

Can Hand Lotion be used on other parts of the body?
Hand Lotion is formulated for hand care needs. Body Smoother, Perennial® Intense Body Moisturizer, and Epoch Baobab Body Butter are formulated for all over body use.
