

We are super thrilled about the Epoch Baby Hibiscus Hair and Body Wash!  
Why? Because the smell is fantastic. The skin feels so soft and smooth  
after using it. No more cradle cap and flaky skin. We would definitely  
recommend this product, 100%.

*Elvisa Batic, from Salzburg, Brand Affiliate*

We are in love with the Epoch Baby Hibiscus Hair and Body Wash because  
this product is suitable for our children's sensitive skin. Also, it smells so good  
you just want to cuddle your children all day long!

*Tamara Hofer, from Thannhausen, Brand Partner*

Using Epoch Baby is great for the delicate skin of our children. It is exceptional  
compared to other products on the market. We love its hibiscus fragrance and  
how it gently cleans the body and hair of our children. In addition, it is also practical  
to use as the foam comes directly from the pump. Every family should have this  
product at home.

*Daniela, from Bratislava, Executive Brand Director*

This product is ideal for my son. It smells great, cleans really well, and he can play  
with the foam without worrying about irritating his eyes or skin.

Parenthood is full of amazing moments, but there's nothing quite like bath time for building that special bond. It's a timeless tradition in cultures all over the world, passed down from generation to generation as an act of love and tenderness.

Epoch Baby Hibiscus Hair and Body Wash is designed with that tenderness in mind. Inspired by the rituals of Southeast Asia, its tear-free formula is infused with an extract of hibiscus flower, and gently soothes, cleanses and moisturises body and scalp, making sure those wonderful bath time moments are extra special for both you and your little one alike.

I have been using the product for almost 2 years. I love its delicate fragrance, gentleness and efficiency. Thanks to this product, my daughter's skin is in very good condition. I also noticed that it doesn't dry her skin.

*Anna, from Warsaw, Senior Brand Partner*

Why do I love it? Because since my children started using it, their skin look great. It smells beautiful, and my children love it.

*Monika, from Pila, Senior Brand Director*

We have been using Epoch Baby since my daughter was a couple months old. It is very gentle on the skin and smells amazing! Washing her hair is not a problem as it is truly tearless, it doesn't irritate her eyes at all if there is accidental contact! It was obvious that we should use this baby bath for my son too! Now they have great fun at bath time together pouring water at each other with the cup of the baby bath!

*Ágnes, from Győr, Emerald*

I have carefully chosen a baby shampoo that leaves the skin soft and delicate. Epoch Baby Hibiscus Hair and Body Wash convinced me that it is a wonderful shampoo. I got rid of the baby's peel, it cleans very well and we like the smell of the hibiscus. Robert, my eldest son is excited about this shampoo because it comes out as a foam and he can wash himself. We love this shampoo. Happy kids and satisfied mum.
