EXPLANATORY NOTE

This document can only be reproduced in full; it only concerns the submitted sample.

Results have been obtained and reported in accordance with our general sales conditions available on request.

When declaring compliance or non-compliance, the uncertainty associated with the result has been added or subtracted in order to obtain a result that can be compared to regulatory limits or specifications. The uncertainty has not been taken into account for standards that already include measurement uncertainty.

The tests are identified by a five-digit code, their description is available on request.

ND - Not detected NMP - Most probable number UFC - Colony Forming Unit

*< - Ausência de crescimento microbiano (resultados microbiológicos) ou menor que o limite do método.

The tests identified by the two letters code GR are performed in laboratory Eurofins ALAC (Garibaldi).
